Nashville, TN 37205-0252

Chairman of MOAA's Scholarship Fund Board of Directors:

Thank you so much for this outstanding honor of the Designated Scholar for the 2011-2012 school year. This award just means so much to me, knowing that it will help me continue to excel and become even closer to achieving my goals!

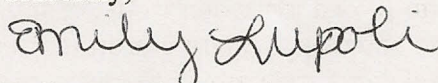

Just to tell you a little bit about myself, this fall I will be attending the University of Tennessee as a senior in Knoxville where I will be majoring in Nursing. Even though this is not my final year at the university, the nursing program is a two year commitment, I am so excited to be attending because this will be my first semester as an accepted student in the University Of Tennessee College Of Nursing- go Vols!

I plan on continuing to be extremely involved in school with a range of activities including Clinic Vols, my sorority, Volunteer Team, Student Ambassador, Student Nurses Association, Team VOLS, and primarily my studies. Volunteering is a passion of mine that is reflected in the wide range of activities that I am involved in. School, however, is the most important part of my year, being involved in a variety of classes for my major and now visiting the local hospitals for my clinicals and some hands on experience! I am involved in several study groups that meet regularly on campus and am also a peer tutor for a group of students in the athletic department as well as a note taker for students with disabilities.

My future plans are to graduate from UT with honors in Nursing with a double minor in Spanish and Child & Family Studies. My further aspirations are to promote, maintain, and restore health while being an understanding and caring leader in my field. I am hoping to continue my education in the field of pediatric nursing followed by a master's degree in public health. I also hope to be able to implement my knowledge of the Spanish language to be a translator. I would love to work at a Children's Hospital or even in the field of public health education.

Again, thank you so much for this award. To be named the Designated Scholar for the year is something that carries so much weight, and it is a title that I will uphold with great honor. I appreciate all that MOAA has done for me and will continue to make this organization proud! Thank you again!

Sincerely,

Emily Lupoli
